Bella per Arctoos nuper vah! horrida campos,
Seq; oppugnantes stupuerunt secula Reges,
Bistonias acies, infandaq; praelia gentis,
Devictos hostes, prostrataq; corpora letho,
Disiectas urbes, exhaustos ære colonos,
Oppressamq; Dicen truculentis Martis ab armis,
Nunc vice conversâ Iani sacraria clausa,
(Gratia sit Superis!) PACIS divinitus arrha
Atq; salus cunctis redijt GERMANIDOS oris.
Inde reflorentis suspendit pignora secli
Regali THEMIS alma throno: Lætatur Olympus,
Pulchrior & solito splendet fax aurea Phœbi,
Ipsa sibi melius Pallas placet, atq; vigescit
EUSEBIE, THEMIS & cultoribus incluta solvit
Præmia, spectata & VIRTUS excelsa BRAEBIA.
Hos inter fulges, VIR CONSULTISSIME, BAUSI,
Felix ingenio, præstans Virtute, Themistos
Arte valens, doctæq; potens dulcedine linguæ,
BAUSI, noster honor, cuius Cunabula Musæ
Vidimus, & teneræ mirati dona juventæ,
Magnis Te natum rebus prædiximus olim.
Namq; secundus eram, qui Te, velut alter Achilles,
Erudij Chiron; (non prædico vanus opellas
Vir præclare, meas:) nec erat grave fingere molles
Et tractare manu ceras, & sponte sequentem
Ducere Palladias divæ Virtutis ad arces.

Non

Non opus hortatu fuerat, præcurrere iussa
Consueras semper, laudum succensus amore.
Quàm Tibi adhuc Juveni tam sternutârît Apollo,
Publica metra probant, magnæ præludia famæ,
Quas quoque mentis opes collegeris, exitus ipse
Edocuit, vitæque gradus, nomenque celebre.
Jamq; sibi charum multo Te pronus Apollo
Foverat amplexu, Tibi cum generosa cupido
Exsurgit juveni loca visere disita, doctis
Quæ sacra Pierisin, celeri pede curris ad oras
Prusiacas, ubi *Regius est mons*, compar olympo,
Illustris Charitum, cultu studiisque celebris.
Fervet opus, juveni felix assurgit Apollo
Carmina suppeditans, priscis quæ digna Poëtis.
Egregius juvenis, quem DACHIUS ille, THILOQ;
Nobile par Vatum, vatem stupuere canentem.
Instat opus, redolentq; thymo fragrantia juris
Mella, nec in mediam prodire vereris arenam,
Atque pares inter pulchro certamine vires
Explicuisse tuas, sinuosa volumina legum
Nocturnâ versasque manu volvisque diurnâ.
Jam satis audieras, & jam satis omnia lætus
Combiberas cupide doctrinæ femina multæ,
Cum Te Saxonix tenet alma cupido videndæ,
Et Patriæ laudandus amor. Vix ecce! reversum
Excipit hæc civem gremio fovet atque benigno
Demirata Tuas dotes, suadæque lepores.
Nec mora docta suo Te caudicina labori
Sacrat & esse jubet clypeum columenque clientum,
Illis & dubiam sub iudice ferre salutem.
En! mox ingeniumque probans, suadæque nitorem,
FEUDORUM curam PRINCEPS AUGUSTUS inoris
Mag-

Magdenburgiacis Tibi credidit, atque favore,
 Et patrocinio dignum putat INCLUTUS HEROS,
 Hic ubi dexteritas, candorque fidesque laborque
 Fecerat in signem passim, meritisque decorum,
 Ecce PEDI PROCERES, quos ARCHIPRÆSUL honorat
Parthenopyrgiacus, quos illaque terra veretur,
 Consilij voluere sui MAGNIQ; SENATUS
 Participem, spondesque fidem, quam gratia mollis,
 Nec vecors odium, nec spes sitibunda favoris,
 Nec male suada fames auri temerare valeret,
 Ergo Tuæ dotes, & tanta peritia rerum
 Judicio clarum Te consilijque potentem
 In patriâ celebrant virtusque fidesque probata
 Jure sibi poscunt, quæ prenas, præmia palmæ,
 Ergò dexter ades, THEMIDOS *prænobile sidus,*
Flos delibutus Charitum, suadaq; medulla,
 Jam Tibi sarrano frontem Themis illigat ostro,
 Et radiant auro digiti, latus ense coruscant
 Diceris ac JURIS DOCTOR, *Legumq; sacerdos,*
 Annuit AUCUSTUS Princeps, *Celsissimus Heros,*
Pacata Themidos Præses, Defensor & altor,
Parthenopyrgiaci Proceres sacrique SENATUS
 Ille PEDI tanto favet ac adplaudit honori,
 Patria terra simul, fumantibus HALLA salinis,
 Foeta Viris doctis, tanto lætatur alumno.
 Et meus exultans plaudit votivus Apollo,
 His numerisq; tuo bona cuncta precatur honori,
 Profit is ut Patriæ, REVERENDIS atque DYNASTIS,
 Atque DUCI EXCELSO. DEUS omnia Numine firmet!
